Junior Front end Developer

Bohdan Kysil

Hello! I am Junior Front-end developer. I want to work in a company where the team is always in a good mood and has support. I want to see people around me who will help each other become the best specialists. Those who have a lot to learn from. I would be very glad if you have interesting projects.

Projects

1. https://werdrh.github.io/rent .... **[Adaptive layout]**

2. https://werdrh.github.io/workout .... **[Adaptive layout]**

3. https://werdrh.github.io/autourist .... **[Adaptive layout]**

4. https://werdrh.github.io/calculator .... **[Calculator Form]**

5. https://werdrh.github.io/zano .... **[Adaptive layout]**
